 (Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: In view of "A" being zero it should be made clear that no bridge exists in the ring since a zero bridge is still possible. Wording was suggested to be added after "m is zero" which Ms. Hosley agreed to. Also the scope of "heteroaryl" in the R9-R19 choices is not seen to be supported by the working examples as previously indicated. Without acquiescing to the correctness of the par. one rejection, Ms. Hosley agreed that the term be deleted in the R9-R19 definitions and reserve the right to file a subsequent application covering the cancelled subject matter..
